Authorization for this examiner's amendment was given in a telephone interview with Richard Silverman on June 24, 2005.

The application has been amended as follows:

Claim 1, component (c), after "mixtures thereof" delete ";" and insert therefore --.

Claim 1, component (e), line 5, after "composition is" delete therefore

Claim 15, component (v), line 5, after "composition is" delete therefore

2. The following is an examiner's statement of reasons for allowance: The closest prior art of record, Williams et al or Sako et al, either include thickening agents, which excluded by the claims at hand or do not teach or suggest the ingredients of the multiphase compositions in their requisite proportions. Specifically, the salt component or ratio of betaine to co surfactant. Accordingly, in view of the amendments the claims are allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
